I. DISCUSSION

REQUEST

The applicant, 7-Eleven Inc., requests special use permit approval for the continued operation of a nonconforming convenience store located at 3023 Duke Street.

SITE DESCRIPTION

The subject property is one lot of record with 97 feet of frontage on Duke Street, 193 feet of depth, with a total lot area of about a half an acre. The site is developed with a two story commercial building and surface parking. The first floor is occupied by the 7-Eleven store, and the second floor is occupied by 7-Eleven offices. The subject 7-Eleven store is approximately 2,640 square feet.

SURROUNDING USES

The surrounding uses are a mix of commercial and residential. Immediately to the east is Bishop Ireton High School. To the north and west are residential uses. Across the Duke Street to the south is an auto sales business, a pizza restaurant, and Dunkin' Donuts. Alexandria Commons shopping center is in the near vicinity to the west.

PROJECT DESCRIPTION

The applicant proposes to continue operating the nonconforming 7-Eleven convenience store. The applicant is the owner of the property. The 7-Eleven store is a typical convenience retail store selling a variety of goods including food and beverages, which are consumed off the premises. Consistent with staff's approach in the other 7-Eleven cases, the features of the continued operation are proposed:

Hours: The store is currently open from 5:00 a.m. to 12:00 midnight daily. The applicant requests that the hours be extended to 24 hours daily, consistent with most other stores in the city.

ABC License: The store has an Alcoholic Beverage Control license for off-premise sale of beer and wine between the hours of 6:00 a.m. and 12:00 midnight.

Architecture: The applicant has agreed to a number of facade improvements including reducing the size of the front overhang and providing a less decorative roof cornice. The applicant has also agreed to retain the "fin" on the east side of the building as an identifying feature.

Landscaping: The applicant has agreed to provide landscaping along all sides of the site, as shown on the attached plan.

Sign: The applicant has agreed to remove the existing freestanding sign located closer to the street and proposes to install a monument sign. A new 7-Eleven sign will be located on the front canopy feature. This sign will not be internally illuminated.

Parking: There are 15 parking spaces provided at the store, which will remain. Section 8-200(A)(16) of the zoning ordinance requires that a retail use of 2,640 square feet is required to provide 14 parking spaces. Therefore, the business complies with the parking requirement.

Trash Dumpster
and Litter:

Trash generated is typically solid waste from a small retail establishment, largely consisting of paper, cardboard and plastic. Trash is picked up by a private hauler several times per week. The dumpster is located in the parking lot at the back of the building. Store employees perform a minimum of two litter walks per day to pick up litter around the store. Additional litter walks are performed three times per week by a contractor. To control litter, there are trash cans located at the front of the store.

SUP History

On October 12, 1991, City Council granted SUP#2503 to allow the 7-Eleven store to operate for 24 hours. On April 25, 1992, City Council reviewed the special use permit (SUP#2503-A), and allowed the case to be withdrawn after the applicant submitted a letter stating they did not want to implement the extended hours.

ZONING

The subject property is located in the CL/Commercial Low zone. A convenience store is not permitted by right or by special use permit in the CL zone. The existing convenience store is a nonconforming use.

MASTER PLAN

The proposed use is consistent with the Taylor Run/Duke Street Small Area Plan chapter of the Master Plan which designates the property for general commercial use.

II. STAFF ANALYSIS

Staff does not object to the continued use of the 7-Eleven located at 3023 Duke Street. The store is compatible with the mix of uses already in the area and provides a valuable convenience retail service to the community.

Staff has sought to improve this site and its appearance by suggesting changes to the facade of the building and landscaping on the premises. In response to staff's concerns, the applicant proposes a number of facade improvements for the building including the removal of the colored bands at the front facade to be replaced with a smaller front canopy. A new, non-internally illuminated, 7-Eleven sign will be placed on the front of the new front canopy. The applicant had originally proposed a decorative cornice on the roof of the building. In working with staff, this cornice will be revised to be a much simpler, less decorative feature. The "fin" on the east side of the building will be retained.

In response to staff's concern regarding the landscaping on the property, the applicant proposes to install new landscaping and provide a new monument sign to replace the existing freestanding sign. The new landscaping will include new trees and shrubs along the front, rear and east and west sides of the site. The landscaping will make the site more attractive.

In regard to alcohol sales, staff supports the Police recommendation prohibiting single sales to prevent any potential problems, such as littering and loitering, and to be consistent with Police's policy to limit such sales City-wide.

Regarding the extension of operating hours, the requested hours are consistent with other 7-Eleven stores that have been approved throughout the City, and is appropriate along a major east-west arterial. There is a wood privacy fence between the residential uses and the 7-Eleven to buffer potential impacts. Staff recommends a one-year review to ensure that problems do not arise.

With these conditions, staff recommends approval of the special use permit.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

WRITTEN NARRATIVE

7-Eleven, Inc. ("7-Eleven" or "Applicant"), the owner of the property described in the City of Alexandria land records as Tax Map Parcel Number 061.04-03-04 and having a street address of 3023 Duke Street, Alexandria, Virginia (the "Property") requests approval of a Special Use Permit (SUP) to continue operating the existing use of a convenience store (the "Store"). This request is in accordance with Section 12-214 of the City of Alexandria's Zoning Ordinance that requires such SUP for continuance of any existing legal non-conforming use.

The Store contains approximately 2640 square feet. It is zoned Commercial Low Zone (CL).

The Store is located on Duke Street at its intersection with Cambridge Road. The immediate area is one of mixed commercial uses. The Store provides a valuable service to residents of the City.
